

The Virtual RNZAF Standing Orders

In effect 10/5/2020

1.1 Scope

This document will serve as a written requirements and operations manual for all personnel operating in the vRNZAF. This Document is up to date and corresponds with the Vatsim VSOA Policy and Procedures Manual And Vatsim Code Of Regulations.

1.2 Overview

The Virtual RNZAF is a non profitable, volunteer run organization based in New Zealand, The Organization mimics the Royal New Zealand Air Force to the highest degree and operates the current fleet and operations the RNZAF use to this day. The organization is open to any person older than the age of 15 to join and is open

In effect 10/5/2020

to all knowledge (Whether you've never flown online before or you have done hundreds of hours.)

1.3 Authority

All senior officers in the vRNZAF reserve the right to set standards and procedures in the vRNZAF.

Senior officers (vsFLTLT up) have the right to report any personal if they feel the person has breached our rules and/or has broken the Vatsim code of conduct.

Senior officers do not have the right to kick members from the organization but are to report to a vSQLDR and they will make the appropriate choice of action against said personal.

Any complaints about any personal in the vRNZAF must message a vSQLDR or any significant other at time of the problem or complaint.

Any person who breaks the Vatsim CoC or any of the vRNZAF standards will be removed without warning and will have to sign up again or message an officer in the vRNZAF. If the act is severe the personal may be banned from the organization and will not be allowed to operate in any vRNZAF operations including but not limited to:

- Any military operation the vRNZAF operates.
- The Virtual Black falcons.
- Any Historic team associated with the vRNZAF.

1.4 Operations

Whilst in the vRNZAF you will conduct military operations that replicate the RNZAF and NZDF. That might include.

In effect 10/5/2020

- VIP flights.
- Low level navigation.
- SAR.
- Use of special airspace located around New Zealand
- Conducting joint training operations with other VSO organizations from around the world.
- Training sorties
- Air drops (Including virtual paratrooper drops.)
- Formation flight

Operations will in most cases operate to/from our 3 main hubs. Ohakea, Whenuapai and Woodbourne. Other operations will be carried out from either an operation base overseas such as Australia or the Pacific Islands. Or from a NZDF Base not associated with the RNZAF such as Waiouru, Devonport and Linton. Any operation done out of the following bases will be done under the supervision of any Senior Officer in the vRNZAF or any other significant person such as Vatsim Supervisors or VSOA Board members.

All operations done in the vRNZAF are done to simulate the real RNZAF to the highest degree and are done to show what military flying is like in the simulation world. All the Operations the vRNZAF will do will be expected to be done at the highest degree.

1.5 Requirements

When joining the vRNZAF you are agreeing to operate a minimum of 1 hour a month flying in a vRNZAF operation and or aircraft. This is to meet the VSOA PPM. Any person who fails to do so will be given a warning. If the said person does not fly 30 days after the warning was issued will be removed. Said person can join back but will be required to do the same hour a month. Exceptions can be made.

In effect 10/5/2020

You are also required to be 15 years of age when joining the organization. This rule is to follow our Policy (Found here <https://www.privacypolicies.com/privacy/view/9efc238dab3ad4670d15def60cda3b10>) Any person who is under the age of 15 will be removed without warning.

When joining you will also be required to read the Vatsim code of conduct and read the training material provided in the link you receive when signing up to the vRNZAF. This is to ensure you are fully aware of the rules and roles of Vatsim. It is a requirement when joining.

1.6 Chain Of Command

The vRNZAF is a virtual simulation organization meaning a structure has to be in place to keep everything running smoothly. The vRNZAF uses a Chain of Command which replicates that of the real Air Force to keep our operations as real as they can get.

Senior officers

The seniors officer team consists of the vFLTLT's of the vRNZAF. Their job is to keep the organization running and to find any problems that may occur during operations or just in general. The SO (Senior Officers) team have the right to report any person breaking the Vatsim CoC and have the ability to mute a person if the person is spamming or being a nuisance to the personal of the server (See 1.2 for more info). If a SO breaks the policy themselves then they will get the same disciplinary action a normal member will get. Any complaints about a SO can be sent to a EO or any other significant other at the time of the complaint.

Executive officers

The Executive officers consist of the vCAF, vSQLDRs and the vACAF. Their job is to make operations, teams and plan events as well as do all the paperwork required with the vRNZAF.

In effect 10/5/2020

They are the personal who have the ability to kick members from the vRNZAF as well as ban personal if needed.

They play an important part of the organization and keep everything running smooth so people operating activities can enjoy it. Any complaints about them can be sent to the vCAF or if the vCAF is the person who is getting the complaint then the complaint can be sent to the vAVM of the vRNZAF. Any further problems or inquires can be not involving the officers of the vRNZAF can be sent to any SO and they will do the appropriate manner.
